ENERGY COST
$1.48 (13 min bake plus 30 min, 3.5 kW at 59 cents/kWh)

INGREDIENTS

310 g	Dark chocolate baking wafers
225 g	Unsalted butter, room temperature, cubed
135 g	Macadamia nuts, chopped
56 g	Sliced almonds
50 g	Walnut halves
298 g	Light brown sugar, packed
326 g	All-purpose flour
12 g	Fine sea salt
2	Eggs

METHOD

1. Mix the chocolate wafers, cubed butter and all three nuts on low about 30 seconds, which breaks the nuts down and spreads the fat.
2. Add the brown sugar, mix low until cohesive.
3. Add flour and salt gradually, mixing only until incorporated.
4. Add the eggs one at a time, scraping down, until the dough pulls from the bowl.
5. Flatten into a square slab about 2.5 cm thick in parchment, bag it, chill at least 1 hour.
6. Divide into 14 balls of about 100 g, 7 per pan, 7.5 cm apart, then press each ball down with your palm into a disk about 1.25 cm thick.
7. Bake at 350F for 12 to 13 minutes.

NOTES

12 g of salt is high, which is deliberate against 298 g of sugar.
The dough keeps up to 7 days chilled, so it splits over two sessions well.
