WHITE AND BROWN CRAB FILLING

INGREDIENTS

300 g	White crab meat
60 g	Brown crab meat
to taste	Salt and pepper

METHOD

1. Mix the white and brown crab meat together.
2. Season with salt and pepper.

NOTES

From the source's Crab Ravioli, recipe 17. There is no dish file for it in this collection, and the PDF's own contents list stops at 16 and omits it.
No sub-components, and the shortest filling in the source: two grades of crab meat, seasoning, nothing else.
Distinct from the Crab and Salmon Mousse Filling, which is the other Dominic Chapman crab recipe. No mousse, no herbs, no lemon, and a 5:1 white-to-brown ratio.
8 balls to a 50 cm sheet, egg-washed, cut with a 7 cm cutter, boiled 2-3 minutes.
The source pairs it with saffron pasta, blanched samphire and lobster bisque, all outside this file, and says to use fresh crab.
