SERVES	TOTAL TIME
2	**1 h 40 min**

INGREDIENTS

215 g	Pink Pasta — 00 flour
4	Pink Pasta — egg yolks (Freshlay Farms Golden Yolker preferred)
65 g	Pink Pasta — cooked beetroot
1 tsp	Pink Pasta — olive oil (+ extra for frying)
150 g	Prawn Filling — raw king prawns, peeled (+ 6-12 more to serve)
60 ml	Prawn Filling — double cream
1 tsp	Prawn Filling — lemon zest (+ squeeze to serve)
1 tbsp	Prawn Filling — chives, finely chopped
to taste	Prawn Filling — salt and pepper
150 ml	Champagne Beurre Blanc — Champagne
1	Champagne Beurre Blanc — shallot, finely chopped
1 tbsp	Champagne Beurre Blanc — white wine vinegar
200 g	Champagne Beurre Blanc — unsalted butter, chilled and diced
1 pinch	Champagne Beurre Blanc — ground white pepper
40 g	Champagne Beurre Blanc — trout roe

METHOD

1. Make pasta: Mix flour and generous pinch of salt in bowl or on work surface. Blend egg yolks, beetroot and olive oil until smooth. Make well in flour, pour in mixture. Gradually incorporate flour until dough forms. Knead firmly 8-10 minutes until smooth and elastic (or stand mixer with dough hook). Wrap tightly, rest in fridge at least 30 minutes (or up to 2 days).
2. Prepare filling: Put 150g prawns in food processor, pulse a few times until finely chopped (not puréed). Add cream, lemon zest, salt and pepper. Pulse a few more times to combine. Transfer to bowl, fold in chives. Cover, chill 20 minutes.
3. Roll pasta: Unwrap rested pasta, roll through machine starting on widest setting, gradually working down to around setting 6. Cut into shorter sheets if needed for easier handling.
4. Form ravioli: Take sheet of pasta, use teaspoon or piping bag to add small mounds of prawn filling to bottom half. Fold pasta over top, pressing gently around each mound to remove air bubbles. Use pasta cutter (fluted if possible) to cut square around each mound. Set aside on tray dusted with semolina or flour. Cover with tea towel until ready to cook.
5. Make sauce: Bring large pan salted water to boil (for ravioli). Add Champagne, shallot and vinegar to small saucepan, bring to simmer. Reduce until around 2 tbsp liquid left. Lower heat, start whisking in butter a few cubes at a time until glossy emulsified sauce forms. Season gently with salt and white pepper. Pass through fine sieve into jug. Keep warm but don't boil.
6. Cook and plate: Drop ravioli into boiling salted water, cook 2-3 minutes. Meanwhile, heat frying pan over high heat with dash olive oil, cook prawns 1-2 minutes each side until pink. Lift ravioli out with slotted spoon, divide among plates. Season prawns with salt and squeeze lemon juice. Stir trout roe into warm sauce. Spoon generously over pasta. Arrange prawns on top, finish with dill fronds and twist of black pepper.

NOTES

Nothing says 'I love you' quite like making fresh pasta for your significant other - which is why this pretty-in-pink ravioli recipe is the ultimate Valentine's Day dish. Filled with lemony king prawns and doused in a deliciously rich champagne beurre blanc sauce, it's a real taste of luxury that's easy to recreate at home.
Chef's Tips: The pink pasta color comes from beetroot - it's natural and adds a subtle earthy sweetness. The key to beurre blanc is keeping the heat low and adding butter gradually while whisking constantly. Don't let it boil or it will separate.

FILLING

King Prawn Filling

INGREDIENTS

150 g	Raw king prawns, peeled
60 ml	Double cream
1 tsp	Lemon zest
1 tbsp	Chives, finely chopped
to taste	Salt and pepper

METHOD

1. Pulse the prawns in a food processor to a fine chop. Stop short of a puree.
2. Add the cream, lemon zest, salt and pepper and pulse a few more times to combine.
3. Scrape into a bowl and fold in the chives by hand.
4. Cover and chill 20 minutes.

NOTES

> Goes in raw and cooks through in the 2-3 minutes the ravioli needs.
> Piped or spooned in small mounds onto the bottom half of the sheet, folded over, and cut into squares with a fluted cutter.
> The source's prawn line reads "150 g raw king prawns, peeled (+ 6-12 more to serve)". Only the 150 g belongs to the filling; the extra prawns are pan-fried as a garnish.
> Extra lemon is squeezed over at serving, separate from the zest here.

SHAPE

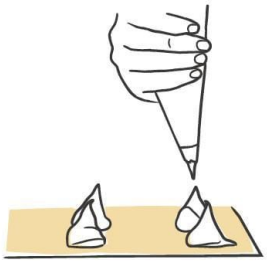

Ravioli

Region: All of Italy, north to south, and worldwide / Rest: 45 minutes to 1 hour uncovered in the refrigerator

METHOD

1. Make your chosen egg-based dough, then roll and sheet it.
2. Dust a wooden board with 00 flour. Cover a sheet pan with parchment, then dust the parchment with semolina.
3. Trim the sheets to 18-inch lengths with a knife and cut away the ragged edges. Save the scraps for soup. Keep the sheets under plastic wrap or a towel.
4. Lay one sheet on the board. Using a pastry bag cut to a 1-inch opening, pipe mounds of filling roughly 1 1/2 inches across and 1/2 inch high in an even run down the sheet, leaving about 2 inches between mounds.
5. If the dough feels dry rather than moderately tacky, mist it with a spray bottle held 8 to 10 inches above the board so the second sheet will stick. Skip this if the dough is already tacky.
6. Lay a second sheet gently over the first, edges lined up and no wrinkles.
7. Press around each mound with your two index fingers to expel the air pockets. For insurance, flip a #30 (1 1/8-inch) plain round cutter to its dull side and press gently over each mound to expel the last of the air.
8. For square ravioli, cut 2 1/2-inch squares with a fluted pastry cutter or fluted dough divider. A 2 1/2-inch fluted square cutter does the same thing.
9. For round ravioli, use a #60 (2 3/8-inch) plain round cutter. Press straight down with your palm flat on top of the cutter, then twist it clockwise under that pressure to finish the cut.
10. Lift the sheets from one end to peel away the surrounding scrap. Discard it or save it for soup.
11. Set the pieces on the prepared pan in a single layer and dust the pan again with semolina.
12. Repeat with the remaining sheets.
13. Refrigerate uncovered for 45 minutes to 1 hour to dry. Covered pieces sweat and get too wet. To hold longer, lay plastic wrap loosely over the pan and refrigerate up to 8 hours.

NOTES

Two-sheet construction from 18-inch sheets. The filling goes on the bottom sheet and a second sheet covers it.
Filling per piece: a mound 1 1/2 inches across and 1/2 inch high, piped through a 1-inch opening.
Spacing: mounds 2 inches apart. The cut is either a 2 1/2-inch square or a 2 3/8-inch round.
Cutters: #30 (1 1/8-inch) plain round cutter used dull side down to expel air, then either a fluted cutter or divider for 2 1/2-inch squares, or a #60 (2 3/8-inch) plain round cutter for rounds.
Cutting technique for rounds: press with a flat palm, then rotate clockwise under pressure so the cut goes all the way through.
Air is expelled twice before cutting, first with two index fingers and then with the dull cutter.
The author's restaurant version is round, roughly 2 inches across, with a ruffled edge. The square version is the red-sauce shape.
Storage: 45 minutes to 1 hour uncovered to dry, then up to 8 hours refrigerated under loose plastic.
Red sauce is the default finish. Otherwise the shape is a test bed for any filling.

DOUGH

Egg Dough

Makes: 954 g / Active Time: 8-10 min kneading / Rest: 30 min minimum, wrapped

INGREDIENTS

500 g	Tipo 00 flour
454 g	Egg yolks
as needed	Extra 00 flour for kneading
up to 1 tbsp, only if dry	Room-temperature water

METHOD

1. Mix the yolks lightly, without beating them.
2. Mound the flour on a wooden surface and open a well 5 to 6 inches across. Wider than that and the walls collapse.
3. Add half the yolks, drawing in flour from the inner wall with a fork, working round the circumference.
4. Add the rest the same way. If the wall breaks, scrape the escape back into the flour until the mass holds itself.
5. Knead 8 to 10 minutes: press down and away with the heel of your hand, rotate 180 degrees, fold, repeat. Scrape your hands and the board as you go.
6. Add water a tablespoon at a time only if it stays dry and refuses to come together.
7. Stop when it is smooth, firm, and springs back slightly when poked. The texture to aim for is Play-Doh.
8. Wrap and rest at least 30 minutes before rolling.

NOTES

454 g of yolks is roughly 24 to 26 eggs, so plan what the whites are for.
Yolks only, no whites and no whole eggs, which is what makes this rich and tender rather than elastic.
Dry winter air is the usual reason it will not come together. Flour the board sparingly, since excess dries it out.
Keeps 24 hours. Chilled overnight, pull it out 20 minutes before rolling.
