18	Pasta & Serving — sage leaves
20 g	Pasta & Serving — pine nuts
200 ml	Pasta & Serving — olive oil, for frying the sage
to serve	Pasta & Serving — Parmesan, grated

METHOD

1. Make pasta dough: Place flour in large bowl, make well in middle. Pour in 4 egg yolks, whole egg, olive oil, cold water and salt. Slowly fold flour in from edges. When dough forms, tip onto table and knead 4-5 minutes until smooth. Cover with cling film.
2. Roast squash: Preheat oven to 200°C/gas mark 6. Cut squash in half, score with knife, brush with olive oil. Place cut-side up in baking tray, cover with foil, roast until tender. Cool, mash flesh until smooth, set aside.
3. Poach turkey: Add turkey to pot of cold water with thyme, bay leaves, carrot, onion, celery, leek and garlic bulb. Bring to boil, reduce heat, simmer 10 minutes. Turn off heat, leave to cool in liquor. Once cool, remove skin, shred meat into bite-size pieces, removing all bone and sinew.
4. Make filling: Heat olive oil in large pan, fry onion and garlic until softened but not colored. Remove from heat, add turkey, squash, parmesan, parsley, salt and pepper. Mix until combined. Cool, then weigh into 50g balls.
5. Roll pasta: Roll dough through pasta machine, starting from widest setting, going down to between 0 and 1. Roll twice on last setting for consistent thickness. Pasta should be dry but with no cracks.
6. Form ravioli: Cut rolled pasta into 50cm lengths. Place sheet on floured surface, brush lightly with egg wash (2 egg yolks). Place turkey balls in two rows with 10cm gaps. Cover with another pasta sheet, stretch to meet edges, press around each ball to form dome. Cut out with 6-8cm ravioli stamp. Pick up individually, squeeze out air, seal edges. Store on tea towel-lined tray.
7. Toast pine nuts: Toast until golden brown, set aside.
8. Cook and serve: Bring large pot salted water to boil. Add ravioli, cook about 4 minutes until tender and they rise to top. Meanwhile, chop half the sage, heat butter until browned, add sage leaves. Fry remaining sage in hot olive oil until crisp. Drain on kitchen towel. Add ravioli to brown butter, toss gently. Transfer to warm plates, finish with more butter, sage leaves, pine nuts and grated Parmesan. Serve with green salad.

NOTES

Making your own ravioli can be time-consuming but it pays dividends in terms of flavour and quality. This turkey and butternut squash recipe is something of a revelation - perfect for using leftover turkey, especially at Christmas. The combination of tender turkey meat with sweet squash and aromatic sage butter is simply wonderful.
Chef's Tips: This is the perfect post-Christmas recipe for using leftover turkey. The turkey leg gives more flavor than breast. Make sure to dry the ravioli well before sealing - any moisture will prevent proper sealing.

FILLING

Turkey and Butternut Squash Filling

INGREDIENTS

1	Filling — turkey leg
1	Filling — butternut squash
50 g	Filling — onion, finely chopped
2	Filling — garlic cloves, minced
50 g	Filling — Parmesan, grated
5 g	Filling — parsley, finely chopped
2 tbsp	Filling — olive oil
to taste	Filling — salt and pepper
10 g	Poaching liquor — thyme
2	Poaching liquor — bay leaves
1 each	Poaching liquor — carrot, onion, celery stick, leek (large dice)
1 bulb	Poaching liquor — garlic, halved

METHOD

1. Halve the squash, score the flesh, brush with olive oil. Sit it cut-side up in a tray, cover with foil and roast at 200 C (gas mark 6) until tender.
2. Cool, then mash the flesh smooth and set aside.
3. Cover the turkey leg with cold water and add the thyme, bay leaves, diced carrot, onion, celery, leek and the halved garlic bulb. Bring to the boil, drop the heat and simmer 10 minutes.
4. Turn the heat off and leave the leg to cool in the liquor.
5. Skin the cooled leg and shred the meat into bite-size pieces, pulling out all bone and sinew.
6. Soften the chopped onion and garlic in olive oil without letting them colour.
7. Off the heat, fold in the turkey, squash, Parmesan and parsley. Season and mix until combined.
8. Cool, then weigh into 50 g balls.

NOTES

Two sub-components: the filling proper and a poaching liquor for the turkey leg. The source never says to reuse or reduce the liquor, so it is a cooking medium only.
The 2 tbsp olive oil covers both brushing the squash and frying the onion. The source does not split it.
Leg, not breast, is deliberate — the source says it carries more flavour. Built for leftover roast turkey.
Portioned at 50 g and cut with a 6-8 cm ravioli stamp.
Dry the pasta well before sealing. Moisture at the seam stops it closing.

SHAPE

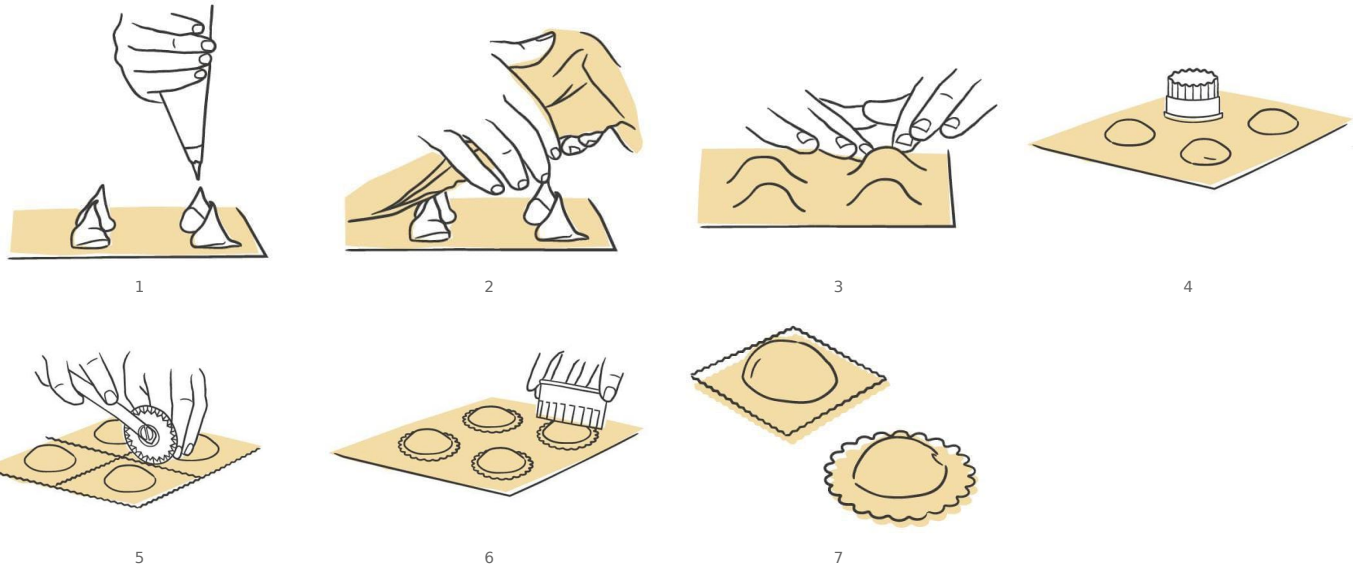

Ravioli

Region: All of Italy, north to south, and worldwide / Rest: 45 minutes to 1 hour uncovered in the refrigerator

METHOD

1. Make your chosen egg-based dough, then roll and sheet it.
2. Dust a wooden board with 00 flour. Cover a sheet pan with parchment, then dust the parchment with semolina.
3. Trim the sheets to 18-inch lengths with a knife and cut away the ragged edges. Save the scraps for soup. Keep the sheets under plastic wrap or a towel.
4. Lay one sheet on the board. Using a pastry bag cut to a 1-inch opening, pipe mounds of filling roughly 1 1/2 inches across and 1/2 inch high in an even run down the sheet, leaving about 2 inches between mounds.
5. If the dough feels dry rather than moderately tacky, mist it with a spray bottle held 8 to 10 inches above the board so the second sheet will stick. Skip this if the dough is already tacky.
6. Lay a second sheet gently over the first, edges lined up and no wrinkles.
7. Press around each mound with your two index fingers to expel the air pockets. For insurance, flip a #30 (1 1/8-inch) plain round cutter to its dull side and press gently over each mound to expel the last of the air.
8. For square ravioli, cut 2 1/2-inch squares with a fluted pastry cutter or fluted dough divider. A 2 1/2-inch fluted square cutter does the same thing.
9. For round ravioli, use a #60 (2 3/8-inch) plain round cutter. Press straight down with your palm flat on top of the cutter, then twist it clockwise under that pressure to finish the cut.
10. Lift the sheets from one end to peel away the surrounding scrap. Discard it or save it for soup.
11. Set the pieces on the prepared pan in a single layer and dust the pan again with semolina.
12. Repeat with the remaining sheets.
13. Refrigerate uncovered for 45 minutes to 1 hour to dry. Covered pieces sweat and get too wet. To hold longer, lay plastic wrap loosely over the pan and refrigerate up to 8 hours.

SHAPING

5 6 7

NOTES

Two-sheet construction from 18-inch sheets. The filling goes on the bottom sheet and a second sheet covers it.
Filling per piece: a mound 1 1/2 inches across and 1/2 inch high, piped through a 1-inch opening.
Spacing: mounds 2 inches apart. The cut is either a 2 1/2-inch square or a 2 3/8-inch round.
Cutters: #30 (1 1/8-inch) plain round cutter used dull side down to expel air, then either a fluted cutter or divider for 2 1/2-inch squares, or a #60 (2 3/8-inch) plain round cutter for rounds.
Cutting technique for rounds: press with a flat palm, then rotate clockwise under pressure so the cut goes all the way through.
Air is expelled twice before cutting, first with two index fingers and then with the dull cutter.
The author's restaurant version is round, roughly 2 inches across, with a ruffled edge. The square version is the red-sauce shape.
Storage: 45 minutes to 1 hour uncovered to dry, then up to 8 hours refrigerated under loose plastic.
Red sauce is the default finish. Otherwise the shape is a test bed for any filling.

DOUGH

Egg Dough

Makes: 954 g / Active Time: 8-10 min kneading / Rest: 30 min minimum, wrapped

INGREDIENTS

500 g	Tipo 00 flour
454 g	Egg yolks
as needed	Extra 00 flour for kneading
up to 1 tbsp, only if dry	Room-temperature water

METHOD

1. Mix the yolks lightly, without beating them.
2. Mound the flour on a wooden surface and open a well 5 to 6 inches across. Wider than that and the walls collapse.
3. Add half the yolks, drawing in flour from the inner wall with a fork, working round the circumference.
4. Add the rest the same way. If the wall breaks, scrape the escape back into the flour until the mass holds itself.
5. Knead 8 to 10 minutes: press down and away with the heel of your hand, rotate 180 degrees, fold, repeat. Scrape your hands and the board as you go.
6. Add water a tablespoon at a time only if it stays dry and refuses to come together.
7. Stop when it is smooth, firm, and springs back slightly when poked. The texture to aim for is Play-Doh.
8. Wrap and rest at least 30 minutes before rolling.

NOTES

454 g of yolks is roughly 24 to 26 eggs, so plan what the whites are for.
Yolks only, no whites and no whole eggs, which is what makes this rich and tender rather than elastic.
Dry winter air is the usual reason it will not come together. Flour the board sparingly, since excess dries it out.
Keeps 24 hours. Chilled overnight, pull it out 20 minutes before rolling.
