PATE SABLEE, CRUMBLING METHOD

YIELD	ACTIVE TIME	REST
1 x 23 cm tart base, serves 6	**15 min**	**2 h**

INGREDIENTS

125 g	All-purpose flour
65 g	Confectioners' sugar
65 g	Unsalted butter, diced and well chilled
25 g	Egg, lightly beaten
0.5 g	Salt

METHOD

1. Freeze the diced butter 10 to 15 minutes first.
2. Sift the flour and confectioners' sugar together.
3. Rub the cold butter in with your fingertips, lifting and dropping rather than pressing, working fast so it stays cold.
4. Keep going until it is uniformly like coarse sand with no visible butter. Getting this fully even before the egg goes in is the whole trick.
5. Make a well, add the beaten egg and salt, and draw it together with a scraper.
6. Wrap and chill 2 hours.

NOTES

65 g of sugar against 125 g of flour, so this is the sweet one. Half the flour weight in sugar.
Frozen butter, not merely chilled, which is what separates this from pate brisee.
Keeps 3 days refrigerated, well wrapped.
