NOTES

Onion cook time is 30 min.
Not just cheese: the assertive blue is balanced by the sweetness of the onion, and the walnuts bring crunch and a bitter backnote.
The cream cheese melts everything into a silky paste and tames the blue.
Toast the walnuts. It lifts the flavour and stops them going soft.
No salt needed. The blue cheese brings plenty.
Let it cool to warm before cutting so the cheese sets and does not run out.
A powerful filling. A thin layer keeps it from cloying.
Uses a shop-bought packet of empanada dough (Buitoni).
Two deliberate departures from the source: it builds twelve small empanadas from shop-bought caramelized onion, while this makes one large one and caramelizes its own. Every quantity otherwise matches.
