OXTAIL AND CELERIAC FILLING

INGREDIENTS

quantity not given	Oxtail
quantity not given	Wine
quantity not given	Stock
quantity not given	Vegetables
quantity not given	Braised celeriac

METHOD

1. Braise the oxtail at 120 C for 4 to 5 hours with wine, stock and vegetables until tender.
2. Pick the meat off the bones.
3. Mix the picked meat with braised celeriac.
4. Form into 6 balls and chill overnight.

NOTES

Used in Oxtail Ravioli.
No sub-components are separated out, but the celeriac arrives already braised and the source gives no method for braising it.
The source's entry for this recipe is a five-line method summary with no ingredient list at all, so not one quantity here is known. Nothing has been rounded or dropped: the numbers are simply absent from the source.
Has to be started a day ahead. The source says the filling needs the overnight chill to set firm enough to handle.
6 balls for 6 servings, sealed into 8 cm rounds and boiled 6 minutes.
The braising liquid becomes the oxtail jus, outside this file.
