# SHORTBREAD TART CRUST

| YIELD | ACTIVE TIME | OVEN | ENERGY COST |
|---|---|---|---|
| **1 x 20cm base, 4-5mm thick** | **15 min** | **320F, 10-12 min blind** | **$1.45 (12 min bake plus 30 min, 3.5 kW at 59 cents/kWh)** |

## INGREDIENTS

| | |
|---|---|
| **150 g** | All-purpose flour |
| **75 g** | Cold butter, cubed |
| **30 g** | Sugar |
| **a pinch** | Salt |

## METHOD

1. Combine flour, sugar and salt, then add the cold cubed butter.
2. Rub in with your fingertips to coarse sand, leaving some pea-sized butter pieces. Work quickly so the butter stays cold.
3. Press firmly and evenly into the lined tin, compacting with the bottom of a glass, about 4 to 5 mm thick.
4. Blind bake 10 to 12 minutes at 320F until lightly golden at the edges.
5. Cool slightly while you make the filling.

## NOTES

> Unlike the Maria cookie base, this one gets pre-baked, which is what keeps it from going soggy under a wet filling. Pea-sized butter pieces left in are deliberate, so do not rub it to a uniform powder.
